Hi!

First of all, a big hurrah for everyone – this year's success was only possible because of the collective dedication and hard work of the officers and members of the Northwest Polymer Clay Guild.

Clay Camp 2017 presented a wonderful line-up of classes and activities from making Intro pendants to carving clay, and to top it all, participants received special goody bags courtesy of our generous donors. All of us who missed it can only sigh with envy and hope that next year, we can be there, creating with the best of them!

On that note, mark these dates on your calendar: May 17-21, 2018 – because it's never too early to plan on going to the NWPCG Clay Camp! You can also check our events updates on our [website](#). If

you're wondering about how Camp started, wonder no more. Through the wonderful story telling of Meredith Arnold, we have the [Guild's history available to us in our website.](#)

Now, if you're ready to browse through the magic of Clay Camp 2017 and get an inside look at new techniques you can incorporate in your polymer clay work, [click here or the photo above to download the ezine.](#)

Enjoy!
